INTRODUCTION

This list is part of a larger bibliography on various subjects of general interest in the field of day care services. The references have been chosen so that they may be readily obtained in a public library, a university library, or a hospital library. If you are unable to locate one of the references, please consult with the librarian. He will be in a position to contact provincial inter-library loan services.

A CANADIANA section has been included to assist you in your research. The Appendix lists in alphabetical order, Canadian authors that have published in the field of Day Care.

AVANT PROPOS

Cette liste fait partie d'une série de bibliographies sur divers sujets d'intérêt général relatifs aux services de garde de jour. Les références ont été choisies parce qu'elles s'obtiennent assez aisément à la bibliothèque municipale, la bibliothèque d'une université, ou à la bibliothèque d'un hôpital. Si vous êtes incapable de trouver une de ces références, veuillez consulter votre bibliothécaire. Il sera en mesure de communiquer avec les services provinciaux de prêt interbibliothèque.

Pour faciliter vos recherches nous avons ajouté, en appendice, une section canadienne où sont mentionnés, par ordre alphabétique, tous les auteurs canadiens qui ont publié des travaux dans le domaine de la garde de jour.
